Thank you. I have been concerned since I first heard Mark Levin talk about a con-con. You are opening a “Pandora’s Box” and what you pull out may be nothing like what you wanted. So far the Constitution and Bill of Rights have worked better than what might have been reasonably expected by the writers. As long as we can keep a good Supreme Court we should be all right. However, the latest decisions don’t lend a lot of confidence.]]> <https://www.oathkeepers.org/military-drill-identifying-hostile-u-s-states-sparks-alarm/#comment-26569> Thu, 02 Jul 2015 19:57:18 +0000 <https://www.oathkeepers.org/?p=5839#comment-26569> My daughter lives in Ocala Florida, she told us recently that our Grandsons school had been turned in to a military staging area. That’s exactly why the military has it’s own bases, has it’s own towns, patches of ocean, etc to train in/on. The entire military even has it’s own OPFOR, (Opposing Force) to play the bad guys complete with foreign equipment and tactics. Why train on American soil while using civilians if they aren’t the actual intended “enemy”. This exercise makes no sense whatsoever.

““They’re going to set up cells of people and test how well they’re able to move around without getting too noticed in the community,” Chief Deputy Roy Boyd with the Victoria County Sheriff’s Office was quoted as saying by the paper. “They’re testing their abilities to basically blend in with the local environment and not stand out and blow their cover.” A former Army Intelligence officer was also quoted downplaying fears about the drill and suggesting that it was largely routine training.”

Supposedly sneaking around California, Utah, Arizona, New Mexico, Colorado, Nevada, Texas, Louisiana, and Florida is not going to prepare any Special Forces for any foreign countries. Don’t forget that DHS bought over 1.6 Billion rounds. The Govt. is arming itself to the teeth, while systematically stripping away every Americans 2nd Amendment rights. I can smell a big fat lie like a fart in a car, and this stinks to high heaven.....

During these training ops in order to train the headquarters section and soldiers throughout the entire operation the map and overlays must be representative, as close as possible, to a real life deployed operation. As such we label areas on the map as green zones or hostile territory. where would you rather the green berets TRAIN? Iran or f***** Texas get over yourselves

[Editor's Note: I think we would prefer that our damned military train on its damn military bases, 10-4? The military has NO business trucking around on U.S.soil. But, "train" for what? Who is the Enemy? Who is it? The public now sees through the so-called war on terror, and we know that it is a hoax. Wake up please. The JADE HELM 2015 training exercise is wildly outside lawful bounds. Get back onto the military bases where you're supposed to be, and get off of Americans' lands, communities, towns, and out of our lives. And you can tell your damn GB Bros that an honorably discharged US Marine and Vietnam Veteran told you this.

Thanks for reading,

Salute!
