## Another Active Duty Marine Sounds Off

### Semper Fi

**Thank you sir for your amazing video! It hit my email box late last night and I was almost brought to tears watching it. Thank you for counting us Marines as oath keepers. You can take that to the bank. My father was a Marine, before me and I did not join the Corps to be a tool for a communist takeover of our nation.**

**I agree totally with the oath keeper list of orders we won't obey. I'd rather be dead. I will make sure my Marines know their oath and what it protects.**

**I want to remain anonymous but don't take that as meaning I won't stand strong. This blog is incredible, is so inspiring to read the comments of veterans. Your message is spreading and I will make sure it gets to more Marines. We won't let you down.**

**God bless you all!**
