Testimonial of Vietnam Combat Veteran,
Purple Heart Recipient, and Member of
Combat Veterans Motorcycle
Association, Hamilton "Bombdog"
Horseman

How can I help? I am just sick with the direction that MY nation is taking... My Grand Father and Father and myself have all given blood in battle for our Nation. I served two tours 66'67'68' with The 9th inf. division. I am also 100% disabled from injuries of that conflict.

To see politicos who have no idea or had any family who served this country now in charge is a crime.

I feel like I do not have any representation in this government, I have watched the socialist agenda carried on during my lifetime.. starting with taking God or any concept of God out of everything.

This is a travesty.

Respect

Hamilton "Bombdog" Horseman

NOTE: Below is the moving tribute video about the Combat Veterans Motorcycle Association that Hamilton sent in with his testimonial. We are honored to call Hamilton a fellow Oath Keeper, and we welcome all of his brothers from CVMA to send in testimonials and to join us. God bless them all!
