## Announcement: We Have a Message Board!

**The fabulous folk over at Mental Militia have set up a [message board for us](#).**

**Now we can all have a place to converge and discuss but please don't let it deter any of you from continuing to support our brothers and sisters in arms by commenting on their testimonials.**

**We may in the future open up a forum on our own site or we may just sit tight over at Mental Militia.**

**Also, once you register you'll be taken to the main page, scroll down to partner sites and you'll see Oath-Keepers listed, just click and you're there.**
