Oath Keeper Testimonial by Active Duty Army

As an active duty soldier, I would like to stay anonymous. But I want you guys to know I'm with you 100% and so are a lot of my fellow soldiers. *These kinds of discussions go on between us often* and we all know that we did not swear an oath to any politician (of either party).

And just for the record not me or anyone else in my platoon would ever follow an order to disarm the American people.
