Soldier/Airman Gives His Pledge

30 years ago I took an oath to defend the Constitution of The United States. I did not take an oath to defend the nato charter, the un mandate, or the anti American agenda of a left wing liberal establishment.

I am an American soldier/airmen. We are living in a time where Constitutional law has been scrapped and replaced by a socialist agenda of keep me safe and I will give what ever you want attitude. However, "Those who would give up essential liberty to purchase a little temporary safety deserve neither LIBERTY nor SAFETY" (Franklin, 1775). I love my country, but fear my government. This will not stand! Keep your powder dry and watch your topknot boys, cause here we go!

May the Spirit of 76 move like wildfire among all of us!
