## Oath Keeper Testimonial by LRRP Vietnam Vet and Peace Officer

**I made this pledge at the young age of 17 called early entry into the Army in 1967.**

**"I solemnly pledge to protect and defend the Consitution of the United States of America form all enemies both foreign and domestic, so help me God"!**

**My oath hasn't changed nor will it until the day I die! I served two tours in Viet Nam in a LRRP provisional at Phu Bai and continued to serve for seven more years as a CID investigator with several TDY tours back to the big Green.**

**I then served as a civilian police officer for several jurisdictions to total 27 years in law enforcement. I continue to serve in any way shape or form to promote 2nd Amendment Rights.**

**"I will never give up"!**

**Thank you for this venue! We need more like you!**

**CJ Miller SFC US Army**

**Note from Oath Keepers: And we need more like YOU. The testimony of combat vets, especially from veterans of Vietnam, Korea, and WWII, are especially powerful and persuasive in getting the current generation of young bucks to do the right thing. Please encourage your buddies to step up, either with written testimonials, or video. Video is especially powerful, so if you have any way of making one, please do, and send it in! Email for details.**
