Uly Wins in 40 Seconds Into First Round, by RNC (Rear Naked Choke)!

Aaaand theeee winnnnner, by way of rear naked choke submission at 40 seconds into round 1, Uuuuuly (not so Useless) Gooooooomez!

I called it right! He did not waste time taking it to the mat, and got a fast submission in round 1. I also actually predicted he would win by RNC, but did not put that in my earlier blog post - but I know that is a favorite of his.

Major congratulations to Uly, and props to everyone who helped him get ready, from Marc Laimon to Brian Clements, Uly's boxing coach.

Stewart and family
