Senate Majority Leader Harry Reid (D., Nev.) continued his [deranged, one-man crusade](#) against the Koch brothers on Wednesday, accusing the libertarian philanthropists of being the “main cause” of climate change.

“The multizillionaire Koch brothers,” Reid said, are “the two richest people in the world,” and are primarily to blame for what some liberals refer to as “climate change.”

“They are one of the main causes of [climate change],” Reid said. “Not a cause, the main cause.”
