Testimonial of Desert Storm Airborne Combat Veteran

82nd. The "All Americans." Airborne All the Way!

It has been a number of years since I have been in uniform but I will never forget the oath that i took to defend this nation against ALL ENEMIES, FOREIGN AND DOMESTIC! and to UPHOLD THE AMERICAN CONSTITUTION with all it's benefits for the PEOPLE.

It is this nation that we serve under GOD and we must defend her from those who would try to abandon the dream of our founding fathers. Enough has been lost already it is now time to defend these borders and this land.

It is time to stop sacrificing our men and women for those who really do not give a damn about this nation or it's people.

I would like to say to those who wear this uniform, *following orders that go against what our founding fathers believed in and were willing to die for is not American or patriotic.*

Stand up against those who would use you to further their agenda and remember why you really are called AMERICAN SOLDIERS!

AIRBORNE ALL THE WAY!
