My duty to protect and defend the
Constitution from all enemies foreign
and domestic did not end

USMC Woman Marine;

**I am an Oath Keeper. I recall my hand shaking as I
took my oath of enlistment twice in 1973. It was
serious then and we are in greater peril now.**

**My duty to protect and defend the Constitution from
all enemies foreign and domestic *did not end* after
four years. Our Republic is being stolen and I fear
only the blood of Patriots will keep it now or in the
future should it be wrested back. May the God
Whom we've ignored have mercy upon each Oath
Keeper.**
