Fellow Oath Keepers,

I humbly greet you and pray that all is well with you and yours.

Our country is in peril and because of this I write with a heavy heart. I would much rather meet with all of you in happier times and discuss happier thoughts.

Everyday I read the news of our government coming up with new ways to trample upon our constitution and rob us of our liberty. Devious men have conspired against humanity and more particularly against the American people. These same people have conspired against our sovereignty since our great republic's birth. They have eroded our national sovereignty, through the League of Nations, United Nations, World Bank, IMF, etc., with the intent of establishing a world-wide kingdom for themselves. At first they worked slowly and deliberately in the shadows, but now seem to be working at a feverish pitch to complete their work. They have corrupted our politicians

through greed, deceit and intrigue.

For over one hundred years they have been trashing the constitution. Through deceit they passed the Federal Reserve Act, which is in violation of the constitution. This same Federal Reserve System, which has nothing to do with the federal govt., is looting the treasury and robbing our children of their future.

They tax us and then hold our tax dollars ransom unless we agree to go along with their socialist agenda. They dumb down our children with programs such as, "No child left behind" – so that all children will be left behind. This seems a perfect plan as a less educated person is definitely more easily controlled.

They trick our pastors, rabbis and preachers into incorporating (IRS 501c3) so that the government too can control them. No longer can a pastor preach his heart due to the fear that the church's "tax exemption status" will be revoked. Of course, the church is no longer a church because they have been duped into incorporating – the govt. no longer regulates religion – rather they regulate a corporation!

Presently, these same shadow figures and their cohorts in Washington plot against the people with all kinds of legislation that is contrary to the U.S. Constitution and Bill of Rights. Legislation pertaining to gun control (H.R. 45), freedom of speech and religion (H.R. 1913 and H.R. 256) are currently being considered. The govt. is also involved in all manner of collusion with the United Nations in treaties which erode our national and individual sovereignty such as the United Nations Human Rights Treaty – which limits a parents right to teach their children religion, teach morals, discipline, and home school.

Oath Keepers, we need to unite and form grass roots efforts to take back our God given and natural rights provided for and protected by our Constitution and Bill of Rights. We must be like a

marathon runner, having stamina, as this will be a long battle. We must educate our family, friends, neighbors, co-workers, and community about these issues. We must get our churches to unincorporate. We must petition our State Govt. to uphold the Constitution even if the Federal Govt. refuses and with any degree of Providence we will succeed in restoring our republic to its former glory.

Oath Keepers Unite!

Respectfully,

KM
