Maybe poison centers would be a valuable / viable source of info for plants and snakes?

Could create a revenue stream for OK.

Appreciate what you are doing.

Thank you!

I've been reading your weblog for a while now and finally got the bravery to go ahead and give you a shout out from Houston Tx! Just wanted to say keep up the good work! ]]> <https://www.oathkeepers.org/cpt-product-review-us-army-survival-cards/#comment-451> Wed, 03 Dec 2014 22:36:58 +0000 <https://www.oathkeepers.org/cpt-product-review-us-army-survival-cards/#comment-451> Katrina proved, "No one will help you." You must help yourself. Help your neighbors and community. Any officials that show up will likely harm you. Not help.

A friend of mine in New Orleans said Black Water contractors attempted to disarm him during Katrina FUBAR fiasco.

He claimed he said, "I don't think so." Turned his back to them. Went inside his house and locked his door.

He said they yelled out to him to come out. He ignored them. Went for more magazines. Not "Sports Illustrated."

The didn't come up on porch. They left.

Good choice on their part.

He is lean Marine and mean.

He would not have gone peacefully.

A good role model.

I hope someone at Oath Keepers is monitoring this so they can get 'er done. I would certainly be interested and think it is an awesome idea. Training videos on how to setup/organize a CPT. ]]> <https://www.oathkeepers.org/cpt-product-review-us-army-survival-cards/#comment-448> Mon, 01 Dec 2014 02:46:03 +0000 <https://www.oathkeepers.org/cpt-product-review-us-army-survival-cards/#comment-448> Short & Sweet: What Cal said,... word for word. I think that sounds like a good way to get OK's name out there on a very useful QUALITY product.
