

F R I D A Y , M A Y

Cold War Veteran

I am an ex cold war soldier, having served with the 804th Field Artillery Battalion, and last at the NCO Academy in Munich Germany.

I pledge my life to protect this nation against the likes of a president such as Barack Obama.

I am 75 years of age, but if called, I would take up arms against a radical agenda of socialism.

- God Bless

Former Staff Sargent Dean Martin
