First Oath Never Expired

I Enlisted in the USMC on my birthday in 1962 (RVN 65-66), I have also served in the US Army and am a retired peace officer. I have taken the oath to protect and defend the Constitution of the United States many times, but as the first one doesn't expire the rest were just to satisfy form. I will continue to protect and defend the Constitution, whatever it takes, until I stop breathing,

and may God bless our cause. Semper Fi
