Testimony of Active Duty Air Force Tsgt.

**I am with you.**

**I am active duty. At this time I want to be anonymous. I hope you understand. I am not paranoid, just trying to play it safe for now. I have less than [deleted] to retire. I fully support you and what you stand for and I do talk about these things with some of my subordinates. Those who I trust that is.**

**I took my oath to protect and defend the United States Constitution from all enemies, both foreign and domestic. I will keep my oath! I will not follow any unlawful order that asks me to violate the Constitution. Be it known that I will fulfill both aspects of protecting our Constitution from both foreign and domestic enemies.**
