<https://www.oathkeepers.org/?p=5696#comment-8012> Your article has inspired me to get out there and talk to people. It has given me the tools to convince the Socialists around us to move towards the center rather move to the far right. It will be much more palatable for them.

My question is this, how can we disseminate this idea of the “Golden Mean” throughout American society. We know that most Americans will not read a book or article of this subject matter or this academically written. The dumbing down of America has been very successful. We must somehow reverse the apathy that has saturated our culture first. How can this be done??? ]]>
