It is hard to check independent media news sources from day to day without coming across videos of oath-breaking police who either do not know the law within their particular state and county, do not know the Constitution, or who simply do not care. Organizations like Oath Keepers and ‘Come And Take It Texas’ are working to change the tide and educate law enforcement on their duty to uphold the Constitution. The officer in the video below needed no educating whatsoever. It lightens my heart to see such a peaceful, friendly, and professional interaction between citizens and police, and it gives me hope for the future.
