On enslavement, One can either be an American who owns/possesses a firearm or be one who bows to compliance to the various laws in terms of endearment of “legal gun ownership”. Entities and Enemies seem to be America’s #1 import since the day our Republic was founded as information sharing is our #1 export to confound us .”Independence” is the foundation of all our Rights. As, Life, Liberty and the Pursuit of Happiness can never be manufactured as, it only can be grown, nurtured and defended from the heart..]]> <https://www.oathkeepers.org/life-with-isis-is-here-it-is-time-to-become-the-heros-we-need/#comment-57934> Sun, 13 Dec 2015 00:46:22 +0000 <https://www.oathkeepers.org/?p=8828#comment-57934> ISIS is specifically mentioned in the article but there are other groupings of Muslims who pose a grave threat to others... even those within the overall “Islam” label but who are in a differing sect. Along with the peril posed by a religion are the cultural norms of those bearing their “banner of Mohamed.”

Delve into Islam and become aware that it is much more than what the Western peoples tend to view what a religion consists of. Islam is a religion along with a way of life and a culture and creates a society incompatible with Western ways and, perhaps most frightening, Islam creates a system of governance that many, maybe all, Westerners would consider to be slavery.

Our Western ways of thinking tend to cloud over what Islam is and not realize that an entire way of life is entering new territory... a homeland of Western ways that MUST be allowed a homeland just as Islam is allowed to have its homelands in countries across the world.

All opinions in this essay are mine and DO NOT represent Oath Keepers or anybody associated with the fine organization of patriots who O am convinced the Founders look down upon with approval.

Looks like maybe we could/would take action. I have never officially joined OK’S but over the last few years I have gleaned off of this sight and more what a stinking mess our country is in. I admit I was afraid to die, but now I feel that I may be soon be fighting beside patriots. Die? Yes I very well may lose my physical 62 yr. old body, but my soul and spirit belong to the Lord Jesus Christ. I guess I just didn’t want to be killed in my bed by a bunch of jack booted thugs. I’d rather meet them of the field of battle or better yet have them wake up and realize they are on the wrong side and when they are no longer needed they too will be illuminated Isn’t this the way of Satan and Agenda 21?]]>
