PTSD

**This video was sent in by “Pancho”,** an Oath Keeper in the American SouthWest who works with the Military Order of the Purple Heart. Pancho is a fellow Viet Nam Veteran who got shot up in his time at war and who yet today is hanging on to life and liberty, working to promote the Oath Keepers mission and to contribute to his local community. I am proud to call him Friend and Brother. Thank you, Pancho!

This video by J. P. Cormier goes out to all Vets, and especially the ones who have had to face the “Hometown Battlefield” after surviving the Foreign Battlefield. God bless you all. Thank you for serving. Brothers and Sisters, teach your children — teach them well. Teach them the truth about Wall Street’s wars and the hell those wars put our finest through.

Yes,

***“we thought the war was over, but the headlines do reveal, that another soldier died today on the Hometown Battlefield”.***
