Testimonial of Sgt. John Meaders,
Current Serving California Highway
Patrol Officer

What has our country come to where the citizens, whose very job is to protect America, are troubled by thoughts of recrimination when announcing or reaffirming their allegiance to our Constitution?

In the last 34 years, I have taken this most sacred oath twice. If either my current police department or old Army unit has a problem with my commitment to America, they should pack up and leave our great country because I will defend it against all enemies! I pray those who find offense with this post will move aside so freedom will be won without bloodletting. Thanks for standing tall "Oath Keepers" and please feel free to post my name.

"Yes, we must indeed all hang together, or most assuredly we shall all hang separately." - Dr. B.

Franklin

John A. Meaders
Army Veteran and
California Highway Patrol Sergeant
