Active Duty Texas Peace Officer Calls on Others to "Wake up"

Dear Brothers in Arms,

Before I start, I'd like to say this. Before you start laughing, making jokes and thinking all of this is funny, think about why this site would even be created? One lone kook? I think not. Look up interviews with former government personnel. Also look up Jack McLamb, the most decorated Peace Officer in Phoenix PD (AZ) history. He runs Police and Military Against The New World Order.

I took an oath to the Constitution. Not the government, not the president (whoever that may be from time to time), not my chief, not my sergeant, not the media, not the pundits, not the "think tanks", and certainly not the UN. Just google anything related to infowars, mass coffins, bird flu/baxter, CFR, NWO, gun control, home gardens, the movie 'The Obama Deception', taxes, the Federal Reserve, the IRS, ex Stasi/KGB and homeland security, and I could go on and on. The thing is if you think that the mainstream media, the current gov., or status quo has ANYTHING to do with real freedom, following the Constitution, or empowering mankind, you are simply ignorant. Research what I mentioned above.

It is easy to go along with things. It takes maturity to research the facts, the lies, the half truths, the

spin, the misconceptions, and the misrepresentations. At that point your soul will feel understanding and while it may feel scary, you will also begin to go down the rabbit hole to real freedom and understanding. To those who think global government is a good idea. What happens when bad people get into power, then where do you go? Right...Nowhere. The LAST thing I want to do is drop my badge in the dirt, pick up and chamber my rifle in anger, sadness, and disgust that more people chose not to wake up in time and it has hence become physical conflict.

But supporting tyranny and oppression will NEVER be on my list of accolades. To do so, even for my safety, is pure cowardice, dishonorable immaturity, and would be akin to willfully declaring myself a true domestic enemy of We The People.

For anyone in military or peace officer work, I plead with people quick to criticize this website to look at 'that other side' (our side,...the patriot/Constitutional side) and see if we're telling the truth and to see if you have been in fact, lied to. I would much rather fight this thing with words. I wish the best for you all and hope that we can unite in the greatest common cause, individual human Freedom.

Wake up all you know...while you still can.

**Most Sincerely Yours In Liberty,
An Anonymous Texas Peace Officer**
