## Testimonial of Vietnam Combat Veteran with 1st Cavalry Div. and Police Officer

### ***1st Cavalry Div. "Sky-troopers" - "Firsts"!***

**To Oath Keepers and to those who oppose them:**

**My name is JT Day. I am a third generation war veteran.  
My grandfather fought in WW I, My father in WW II, I  
fought with the 1st Cavalry Div. in Vietnam (and spent 5  
years on active duty).**

**My son is a fourth generation combat veteran and career  
soldier.**

**After I left military service, I went into Law Enforcement  
where I served for about 30 years. I took the oath in  
January 1966, and since have lived up to it to the best of  
my ability. Of course, mistakes were and are made. This  
is the nature of man.**

**If you challenge the principles of freedom under the rule  
of law -the Constitution, you are a traitor and do not**

deserve to enjoy the freedoms the constitution provides for us. If you are one who is critical of the philosophy expressed herein, find another website more to your liking and go there. We cannot convince you of the rightness of this cause. that is for you to do through study, honesty and prayer. If you can't swear to uphold the Constitution, then you are either hopelessly naive, stupid or evil.

I expect that we will win this test of wills and strength, but some of us may fall. We will ultimately prevail because despite the current state of affairs, we are right- and those who would tear up the constitution are wrong. *No nation on earth has been taken by force of arms when it had an armed citizenry.*

To those who find fault with one or another of the positions taken by Oath Keepers, I say fine. But when it comes time to defend the CONSTITUTION of the Unites States, shut up and honor your oath.

It is far better to die on your feet leaning into the battle than to die on your knees as a slave.
