This is according to Border Patrol Agents, and, some medical doctors in our hospitals. Wake up, sheeple!!! We're being lied to!!!

With the powers that be not letting a good crisis go to waste, there's the possibility that this may be used for an excuse for medical martial law.

Cold weather makes ebola airborne. Sunlight, vitamin c, and colloidal silver beats the ebola virus / infection.

Research Georgia Guidestones, Agenda 21, Fema's coffins. These are the facts and truths, sheeple. Deny it all you want. The truth and facts are smacking you right in the face.

Some are saying that this ebola outbreak(bio terror attack) is just preparation and a trial run for an even worse and more lethal, deadlier virus to be released.

- o Never Fight on the enemies terms. Only make contact on YOUR terms. At YOUR choosing. NOT the enemies.

- o Never give the enemy an excuse or justification for Propaganda against your cause.

- o Get the Local population behind your cause. Be the "Good" guy in the eyes of the locals.

- o Deny the Enemy that which they seek. Again, avoid ANY confrontation on their terms. You choose Time, Place, Ground, Weather.

- o You must understand that the current Regime views you as an Enemy Combatant.

- o The current Regime are TRAITORS to America and Traditional American values.

- o The current Regime is Anti-Middle Class, Anti-Business, Anti-American.

- o The current Regime is more DANGEROUS to Americans and our Nation than this disease.

Tyranny is a Disease that has KILLED more people than Ebola.

Historically Death by GOVERNMENT world wide, Exceeds all others statistically.

Obola is more Dangerous to America and to World Peace and Stability than Ebola.

Fight Tyranny.

Stop worrying about a "maybe" disease. At least for now. But the government is running simulations with regular flu so as they can successfully run a Pandemic on Americans.

But you need to be Calm and Collected.

Never give an Enemy what they want,

They want you Fearful. So don't be afraid.

They want you to do something stupid. So don't be low hanging fruit.

So be: Cool. Calm. Collected. And as stated before, "get right with God and say your prayers. We are in

for a sporty Rodeo ride.
