## USAF Vet says, Carry On

**On June 6th, 1976 in Spokane, Washington, myself and many other enlistee's were sworn into military service.**

**I remember the oath vividly. To this day I still feel bound by this oath and I do not feel in any way that my obligation to this oath has diminished. Upon Honorable Discharge I can recall no means by which I was released from my obligation to this oath.**

**I would like to express my deep appreciation to the founder and members of the Oath Keepers.  
No truer patriots exist in my mind.**

**God Bless and "Carry On!"  
Sincerely, Dean D. Welter (USAF 76-80)**

*POSTED BY OATH KEEPERS AT 1:21 PM*
