Testimonial: I am veteran! USAF ROMAD, special ops. Now myself, my son, (Marine), and my little girl (navy) served our country. All I really can say about how the USA is run into the ground; WAKE UP. You should remember the statement, “take the means of defense from the people, then make the people dependent on the government”..... hummm where did I get that from? In Washington state we have 110 people on some form of public assistance to every 100 people working.... Now put what I said and tie in the news.. folks I have had a member of my family in every war in the USA. Yes from the revolution to now. DAMN RIGHT I LOVE THIS COUNTRY. I SIGNED UP!
