July 18, 2015

Arkansas Oath Keepers initiated “Operation Protect The Protectors” at 13:00 hrs CST, 17/July/2015. Operations were conducted at recruitment stations around the state without incident. Stations are closed for the weekend and operations will be reevaluated on Monday. Missions will continue until Congress passes a carry revision or recruitment centers feel they no longer need our protection.

Arkansas Governor Asa Hutchinson signed an Executive Order authorizing AR active duty personnel to carry firearms at their duty stations.

I would like to thank everyone for their immediate response and desire to protect our brothers and sisters in the military.

Thank you everyone
God Bless the Republic
