## My Duty to Keep My Country Safe

**I served my country in two different branches of the service. First was the Army. After I had been out a while and heard on the news that the Navy was having trouble getting enough men to enlist to have a full crew for one of the Aircraft Carriers so I joined again.**

**I believed then and still do that it was my duty to keep my country safe.**

**I would like to join your fine organization if you will tell me what I must do.**

**Thank you for your time.**
