

S U N D A Y , A P R

I want you to add my name to the list of oath keepers.

Hello, all you oath keepers!

I am more than impressed by your courage and conviction. Having read the material on your website the other day, I want you to add my name to the list of oath keepers.

It was June of 1963, right out of high school, that I joined the Marine Corps. But, it was November of that year, just as I returned from "boot leave," that "they" murdered my Commander-in-Chief! So, smelling a big RAT, I went AWOL. I'm glad I did. Now, before you criticize my patriotism, consider that it was OUR GUYS who assassinated our President!!! I was no different than those brave servicemen who now question Obama's birth certificate; so do I!

I do hereby covenant with all of you to obey the oath of service which I took on entering the service--even if it means rooting out the RATS in our own outfit! I do revere our beloved United States Constitution and pledge to support and defend it against all enemies, both foreign and domestic.

May the God of Abraham, Isaac and Jacob bless our endeavors. For a look at how it will play out, just search for "George Washington's Vision." It will be found at Geo-Cities.com. He saw that America will be invaded by a combination of enemies from Asia, Africa and Europe. With half of us dead and the other half ready to surrender, our Lord and Master will appear on the scene with His Host of

Angels and save our "bacon." We must repent of our sins, turn to our God and pray for His almighty deliverance. That prayer will be granted when done with genuine faith.

So, let us carry on without fear; our God is with us. Semper Fidelis!

Mr. Steve Noe
