

T U E S D A Y , M A

I will proudly stand with my brothers  
with my last breath.

**I have been in the service of my Country for over  
30 years. When I took the oath of service, to  
protect and defend my Country and the  
Constitution of the Republic of America.**

**I clearly understood that means giving my life.**

**I stand firm on that oath to defend our Republic  
against all enemies both foreign and domestic. I  
will proudly stand with my brothers with my last  
breath.**
