Marine Vet says he's no Sheep but a Sheepdog

I proudly served in the Marines from 1973 to 1977. What has happened (and it now majorly escalating in our country) is complete government control......socialism. Obama bin Laden was not elected or chosen, he was groomed, over several years, by a "machine" that is prepared to control and destroy this country (as it was founded). Our Nation's Founding Fathers lost everything they had, including some of their lives, and they structured the United States Constitution and the Bill of Rights around God, their trust in Him, and His Word.

Now, it is my turn to uphold their values, morals and ethics.

Bring it on Obama and cronies! You are messing with true American people and YOU WILL LOSE. No matter the fight, I will be there with my fellow brothers and sisters. I am NOT a sheep, but, instead, I am a sheep dog, born and trained to protect the sometimes dumb and scared sheep of this country.

I, James Scott Glazener, Sr., pledge my life, my fortune, my sacred honor and all that I am, to this cause.

Scott
